PINANCIAL AND COMMERCIAL.

Monday, April 10—6 P. M.)
On 'Ohange to-day wheat was dull and firm. Cotten was steady, but with little doing. The markets ere dull, ewing in great part to the diversion of on to the German celebration.

The money market opened active, and the brokers began their inquiry early in the forencon. Seven per cent was freely paid all around on stock collatals and six per cent upon government securities. Some small houses had to pay seven per cent, gold. Considerable commotion was the discovery that \$600,000 in senbacks had been withdrawn from one of the own town banks, but when it was ascertained that be parties withdrawing the money were a firm perating on the "bull" side at the Stock Exchange the excitement died away. At the same time it was so ascertained that the return shipments of currency from the country were very large to-day, and e money began to relax, and towards the close hanking hours was offered rather plentifully at six big for it in another. Commercial paper was easier and rather more salable at 6 a 7 per cent discount. Foreign exchange was dull and unchanged.

GOLD DULL—110% A 110%.
The gold market was quite dull, and adjourned at one o'clock, a large part of the dealers betaking nselves uptown to witness the procession. The ing price was 110%, from which there was a detine to 110%, an advance to 110%, a decline to 110% ad a final rally to 110%. In the gold loan market the rates ranged from four per cent for carrying to Sat for borrowing. The operations of the Gold Ex-

The additional subscriptions to the new loan reported to the Treasury up to noon to-day amount to 450,000, making the total subscription to date

The following were the Treasury balances at the tose of business to-day:—Currency, \$12,300,000; oin, \$105,600,000. Of the latter, \$24,600,000 is repreed by com certificates. GOVERNMENTS STRONG AND DIGHER.

The government list was firm from the beginning, nd became strong and advanced when the appre-cusion about money had subsided. The following were the closing street prices:-United States cur ency sixes, 115% a 115%; do. sixes, 1881, registered 116% a 116%; do. do., coupon, 116% a 116%; do. five twenties, registered, May and November, 109% a 1093; do. do., 1862, coupon, do., 1123; a 112%; do. do., 1864, do. do., 1123; a 112%; do. do., 1865, do. do., 112% a 112%; do. do., registered, January and July, 1113; a 1113; do. do., 1865, coupon, do., 1113; a 1113; do. do., 1867, do. do., 1113; a 1113; do. do., 1868, do. do., 112 a 112 %; do. ten-forties, registered, 108% a 108%; do. do., coupon, 108% a 108%. STOCKS ACTIVE AND STRONG.

The "bull" cliques repeated their strategy of making the stock market look weak in the morning, and many of the smaller operators, disregarding the warning in yesterday's HERALD as to the real situason of affairs, sold out their stocks and went short at the decline. The "bulls" had gone down to the areet early in the morning, and, knowing how ensitive the street was after Saturday's bank statement, sold a few hundred shares and started a general downward movement, which was not arrested antil the victims saw that the cliques were buying as fast as they sold. In the subsequent reacpoints of the season for Ohio and Mississippi and Fabash, which sold respectively at 49% and 61%. on Pacific advanced to 29%. The movement on the "only side is certainly conducted with admirable skill. They seem never to let the market assame that buoyant tone which invites speculators to in them, but constantly keep up the appearance of weakness so as to encourage the "bears." To-day, as on two occasions last week to which we have al-ready made reference, the market looked for a time as if about to slide into a panic, but when the bears" had got through selling everything advanced

Lo-day the flerce contest between the democracy pendent candidates and sore-head democrats will be deckied in the German city. All the moderate be deckled in the German city. All the moderate and respectable Germans are to give full support to the democratic ticket. The American and Irish ciements are of the same character. F. Schmersahl was recently a democrat, but not being pleased that mis German neighbors would not sanction him for the Mayoraky he effected a contain with some republicans. Most of the latter are disgusted with the alliacec, and avow their determination to support Kimbail. The latter is a gentleman who, for two years, has manifested his integrity and ability as Mayor, and as the opposition is within very narr ow limits his success is certain. Many of his political opponents were reconciled yearerday, and many others will vote for him just for the sake of being with the winner. The conuclimanic nominations engessier bitter feeling, but the general democratic ticket will be carried in about 600 majority.

Escape of the Assailant-An Investigation by

Coroner Young. Victor Borer died on Sunday at his residence, 117 Ridge street, from the effects of fearful kicks and blows alloged to have been indicted upon him two weeks ago by Jacob Hoog, a brewer in Newark, N. J., particulars of which appeared in Monday's N. J., particulars of which appeared in Monday's Herald. What prompted Hoag to commit the brustal assanit seems as yet to be a mystery, as he was never known to have had any serious difficulty with deceased. A warrant for the arrest of the accused has been issued by Coroner Young, but onless caught in this city or state a requisition may be required to bring him before the Coroner. The sou and brother of deceased yesterday told Coroner young that they strongly suspected another man, whom they named, of indicting the injuries which caused death, and asked for his arrest. It is more than possible that parties interested in directing attention from the really guilty party have occur making labs representations to the relatives of deceased. Witnesses have been sammoned to appear next Saturday, when Coroner Young proposes commencing the investigation. Deceased has left a widow and four children.

A HORRIGIE AFFAIR.

A Dead Colored Child Found on a Farm

Partly Eaten by Hogs. P. Balstead, at Mamaroneck, Westchester county, found the remains of a colored child, apparently but tweive months old, on the farm of that gentleman, at a point about one hundred yards from the pike leading to Portchester. The body had been attacked by the hogs roaming at large on the land and was, consequently, disquared. It was wrapped in a woman's sacque, and had been lying where found fully a week. From the attitude of the read and other indications clear to the melical authorities, it is believed that the babe had been choked to death, and the remains taken to the farm with a view of that concealment which, from the nature of its situation, was possible and probable. Coroner W. E. Meeks and his assistant, Dr. James I. Purcell, were notified to hold an inquest, which they proceeded to do on the same evening the body was found, but because of the meagre character of the testimony then at hand it was adjourned until the 22d inst. Meanwhite earnest efforts will be made to fasten the guilt of this crime where it belongs. at a point about one hundred yards from the pike

I do not know that I introduced Leahy to Lavingston, as I became acquanted with both and cach about the same time by their coming into my office. I told Livingston's attorney (Mr. Allen) that if he took Leah's lots he did so at his own risk, as I knew nothing about the title. I am doing business alone and in an honest and legitimate way, and object to my name being associated with improper persons or wrong transactions, and trust you will give publicity to this and thereby correct an erroneous impression, I will also add that I was not even in the court room, much less festified, in this case.
